

Tips for Giving a Deposition in a Roadway Lawsuit

February 23, 2022 • 1:00 PM to 1:30 PM EST

Presented by Ronald Eck, P.E.
WVU Professor Emeritus & WV LTAP Director

Depositions are a question-and-answer session in which a witness gives testimony under oath in response to questions from an attorney. They are a key part of the information gathering phase in any lawsuit. It is not uncommon for roadway personnel at all levels of state and local roadway agencies to be called to give a deposition in a roadway lawsuit.

This flash webinar will explain what a deposition is, discuss how to prepare, and offer tips for giving a deposition.

Registration:

There is no charge for this event, but pre-registration is required.

Audience

State and local road agency employees at all levels (maintenance, construction, design, traffic engineering, technicians and administrators) whether they have given a deposition before or not, should find the webinar beneficial.

Instructor

Ron received his B.S.C.E and Ph.D. degrees from Clemson University. His 45-year traffic engineering career has focused on roadway safety. He teaches a Tort Liability and Risk Management class for LTAP centers throughout the United States. He has organized numerous mock trials at national and regional roadway conferences. Ron is a past chair of the Expert Witness Council of the Institute of Transportation Engineers, and he has testified as an expert witness in 20 states.
